

The Unitarian Universalist Church of Amherst Fair Share Contribution Guide

Our congregation thrives through the sharing of time, talent, and treasure. Consider our congregation, the gifts of time and talent we share, and the beloved community we have built together at the Unitarian Universalist Church of Amherst.

Our church is only as strong as our willingness to share with one another; it is our gifts of treasure which give our time and talents a home.

Our gifts of treasure keep the fire of truth and meaning alight so that we may maintain and carry forward the call of reason and justice.

Our ministry, music, religious education, and indeed, all life within our congregation depends upon the financial stewardship of our church.

As you promise your pledge this year, think of your expected income and needs, whether you budget week-to-week or month-to-month.

Please ask yourself, *“how much can I give, until giving feels good”*, and commit yourself to your gift this year.
